Overview

Our full-time courses validated by Middlesex University, London, UK offer students the chance to develop professionally as career musicians.

This three-year programme can lead to a final year at the Middlesex campus in London to complete a Bachelors in Arts (Music)

With specialisations in Performance (western or Hindustani), Composition, and Production alongside core skills in music theory and musicianship, students will have the chance to hone their creative abilities in their chosen fields.

With elective options in orchestration, conducting, singer/songwriting, ensembles & accompanying, arts administration & management, education and community work, improvisation, students will be able to diversify their skill base to increase employability

Foundation Certificate in Music

- ▶ 1 Year Introduction to Music Study
- ▶ Modules: Performance, Composition & Technology, Theory & Musicianship, History & Professional Skills
- ▶ Over 20 hours of instruction per week, and 28 full teaching weeks throughout the year
- ▶ 1-on-1 lessons in Western Performance
- ▶ Learn Western Staff Notation and Ear Training
- ▶ Best suited for age 16 upwards with any basis or interest in pursuing a career in music but who has not had a chance to study formally

Performance Introductions

- ▶ 30min 1-on-1 lesson in either: Piano, Western Voice, Guitar, Percussion, Brass, Strings, or Woodwind per week
- ▶ 1.5 hour group lesson in either: Hindustani Voice, Harmonium, or Tabla week
- ▶ 1 hour masterclass or studio class per week
- ▶ 2 hour ensemble class per week

This module is designed to instill healthy and strong practice habits, build strong technical foundations in solo and group performance and acquaint students with stage craft.

Composition & Technology Introductions

- ▶ 1 x 2 hour Composition Lecture / Workshop per week
- ▶ 1 x 2 hour Music Technology Lecture / Lab session per week

This module explores contemporary modes of creating music both using notation and also technology. Students are introduced to the compositional process, along with various methods of notating, developing and refining music. They are also introduced to the basics of Logic Pro DAW, live audio, and studio recording.

Theory & Musicianship Fundamentals

- ▶ 1 x 1.5 hour lecture in western theory per week
- ▶ 1 x 1 hour seminar in western theory per week
- ▶ 1 x 1.5 hour lecture in western musicianship per week
- ▶ 1 x 1 hour skills lab in keyboard skills or sight-singing per week
- ▶ 1 x 1.5 hour lecture in Indian music theory & musicianship per week

Starting from the absolute basics, students are introduced to the rules and grammar of musical construction and understanding in both Western and Indian traditions, including notation, ear-training, keyboard harmony, solfege, raag construction and taal.

Introduction to History and Professional Skills

- ▶ 1 x 2 hour history lecture per week
- ▶ 1 x 2 hour professional skills lecture per week

In history students explore the rich past traditions of western and Indian music including an overview of the western art-music periods, contemporary music history from the 1950s onwards, and Indian music history. In professional skills students learn the necessary academic skills for higher education alongside an introduction to soft-business skills an independent musician may required like compiling Artist Biography and CV, writing Technical Riders and Finance trackers and basic social media skills

Progression Options

The Foundation Certificate in Music from KM Music Conservatory is validated by Middlesex University as an FHEQ Level 30 course with 120 Credits in the UK Higher Education Framework.
